What size work could you pursue?

Recent funded new awards

United States FY2025: 1,592 awards; 82.5% below $0.25M; median potential $0.04M. Bands: 1,313 below $0.25M; 180 from $0.25M to below $1.00M; 99 at least $1.00M.

United States FY2026: 1,037 awards; 78.0% below $0.25M; median potential $0.06M. Bands: 809 below $0.25M; 158 from $0.25M to below $1.00M; 70 at least $1.00M.

Utah FY2025: 8 awards; 87.5% below $0.25M; median potential $0.10M. Bands: 7 below $0.25M; 0 from $0.25M to below $1.00M; 1 at least $1.00M.

Utah FY2026: 12 awards; 83.3% below $0.25M; median potential $0.09M. Bands: 10 below $0.25M; 2 from $0.25M to below $1.00M; 0 at least $1.00M.

Basis and exclusions

New = first recorded action in FY2025/FY2026, latest reported 561621 code, positive funding and potential above $1 through 30 Sep 2026. Potential includes options; it is not an annual service price. Excluded from size only for nonpositive net funding or potential at/below $1: United States 35 in FY2025 and 24 in FY2026; Utah two in FY2025 and none in FY2026. FY2026 provisional.

Full-history ranges use a separate activity cohort, exercised value and one explicitly unresolved extreme-value exclusion. Funding/activity totals retain all original records. Small-business percentages are award-count shares.

Who buys near you?

Three funded Salt Lake VA histories

Fire-alarm and suppression services: funded $1.57M; potential $1.57M. Start 1 Nov 2020; current end 30 Apr 2026; potential end 30 Apr 2026. NETWORK CONTRACT OFFICE 19 (36C259). Award record

Fire monitoring and repairs: funded $0.21M; potential $0.21M. Start 1 May 2026; current end 31 Oct 2026; potential end 31 Oct 2026. NETWORK CONTRACT OFFICE 19 (36C259). Award record

Door-alarm testing and maintenance: funded $0.25M; potential $0.44M. Start 19 Feb 2024; current end 18 Feb 2027; potential end 18 Feb 2029. NETWORK CONTRACT OFFICE 19 (36C259). Award record

Act on the service, not only the code

Different systems-service needs can flow through one facility/office. These are funded historical awards, not open bids. Potential dates include options; no expiry guarantees a recompete. Verify actual facility, service scope and access in your own area.

What may be coming next?

Two official wider-market plans

Alameda, California fire-alarm recapitalization: $2.00M–$5.00M; estimated release 1 Jun 2027, award Q4 FY2027; RMACC II vehicle and service-disabled veteran-owned small-business program. Reported NAICS 237990. https://apfs-cloud.dhs.gov/record/74920/public-print/

South Portland, Maine campus fire-alarm replacement: $1.00M–$2.00M; estimated release 13 Apr 2027, award Q3 FY2027; RMACC II vehicle and small-business program. Reported NAICS 238210. https://apfs-cloud.dhs.gov/record/75211/public-print/

Use adjacent classifications carefully

Official Department of Homeland Security forecasts checked 10 Oct 2026. These are adjacent installation/design-build plans outside the 561621 historical baseline, not additional measured demand or a Utah pipeline.

Verify the live solicitation and vehicle access before choosing a direct or subcontract path. Keep forecasts, contract-end watch leads and current bids distinct.
