What size work could you pursue?

Matched national HVAC new awards

FY2025: 1,279 eligible funded new awards; 73.7% below $0.25M; median potential $0.07M. Bands: 942 below $0.25M; 233 from $0.25M to below $1.00M; 104 at least $1.00M.

FY2026: 1,118 eligible funded new awards; 76.5% below $0.25M; median potential $0.06M. Bands: 855 below $0.25M; 175 from $0.25M to below $1.00M; 88 at least $1.00M.

Scope and denominator

The explicit latest-description search covers HVAC, air conditioning, chiller, boiler, heat pump, furnace, ventilation, cooling tower and air handler terms inside 238220. It is not an exhaustive HVAC market. New means first recorded action in the year; eligible means positive funding and potential above $1.

FY2025: 1,314 matched new awards, 1,279 eligible and 35 nonpositive exclusions. FY2026: 1,131 matched, 1,118 eligible and 13 nonpositive exclusions. Potential includes options over the full period; small-business shares refer to award counts.

Idaho's narrow subset has seven eligible FY2025 new awards and eleven in FY2026. Those small samples are research leads, not robust predictions. The shared code baseline is not additive with plumbing.

Who buys near you?

Three actual funded HVAC histories

1284LL25P0061: INTERAGENCY NATURAL RESOURCE CENTER-HVAC PREVENTATIVE MAINTENANCE. Funded $0.09M; full potential $0.09M. USDA-FS, CSA INTERMOUNTAIN 1. Start 2025-10-01; current end 2027-09-30; potential end 2027-09-30. https://www.usaspending.gov/award/CONT_AWD_1284LL25P0061_12C2_-NONE-_-NONE-/

697DCK26C00278: QCK ARSR HVAC UPGRADE. Funded $0.59M; full potential $0.59M. 697DCK REGIONAL ACQUISITIONS SVCS. Start 2026-09-22; current end 2026-12-16; potential end 2027-01-15. https://www.usaspending.gov/award/CONT_AWD_697DCK26C00278_6920_-NONE-_-NONE-/

36C26024C0018: 531-24-103 REPLACE R22 CHILLERS. Funded $2.44M; full potential $2.44M. 260-NETWORK CONTRACT OFFICE 20 (36C260). Start 2024-06-25; current end 2025-08-08; potential end 2025-08-08. https://www.usaspending.gov/award/CONT_AWD_36C26024C0018_3600_-NONE-_-NONE-/

Use the performance site

Reported performance ZIPs: Coeur d'Alene 83815; Cascade 83611; Boise 83702. Verify the physical facility and multi-site scope using the actual award/agency evidence. These are not Payette incumbents or open bids.

The $0.09M preventive-maintenance value covers 1 Oct 2025–30 Sep 2027, not one year. The FAA $0.59M upgrade's current end differs from its potential end. The Boise $2.44M replacement is historical; none guarantees a follow-on.

What may be coming next?

One verified wider-market forecast

DHS F2026074890: Coast Guard helicopter high-bay HVAC replacement at Elizabeth City, North Carolina; $1.00M–$2.00M. Estimated solicitation 24 May 2027, award Q4 FY2027, completion 8 Dec 2027. Published update 10 Sep 2026.
https://apfs-cloud.dhs.gov/record/74890/public-print/

Reported 236220 is outside the shared 238220 history. The regional design-build vehicle RMACC II is the forecast route; full small-business set-aside with specific program to be determined. Verify eligible holders and specialty subcontract possibilities. This is not an Idaho pipeline or a live bid.

Separate source types

Forecasts are preparation leads; contract-end dates are watch leads; current notices require live status/deadline and readable documents. Do not add their values to historical obligations.

Qualified Bid supports award/notice research and available catalog fields. Consult official agency/facility/vehicle sources separately when needed; no promise that every external dataset is exposed through the connector.
