

HEALY

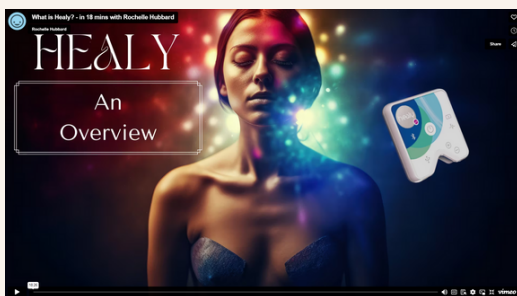

FREQUENCY WELLBEING DEVICE

Healy is a small, personal, wearable microcurrent and frequency device which helps to support us on a physical, emotional, mental and spiritual level.

It analyses the user's personal biofield to assess their wellbeing on an energetic level (we are after all electrical / energetic beings before anything else). Healy then has the ability to suggest several individualized microcurrent frequency programs to assist the body in returning to balance by creating cohesion between the cells.

THE FREQUENCIES

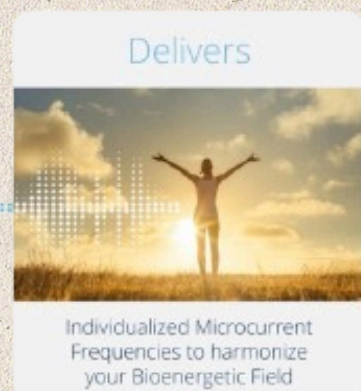

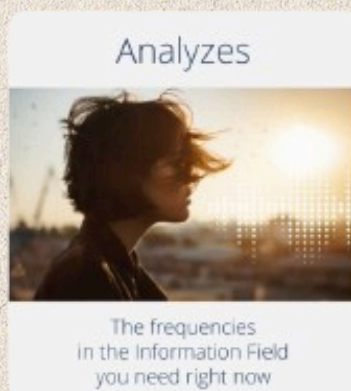

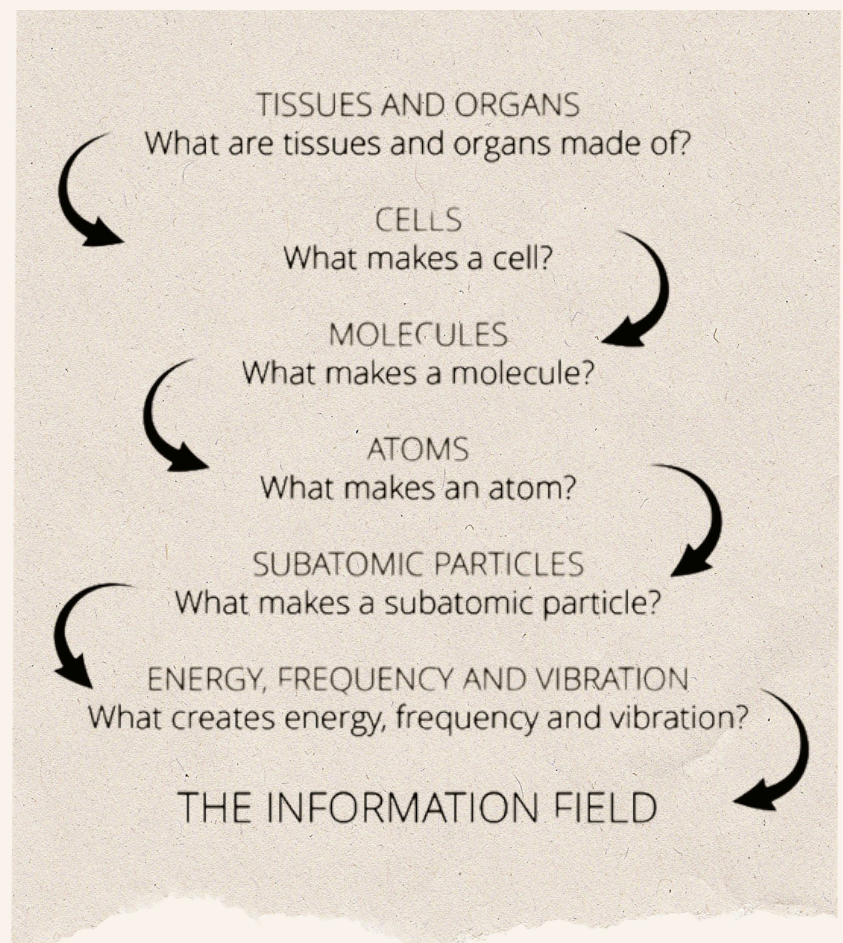

& OUR BODIES

Frequencies are the language of the Universe and how your body, mind, and soul communicate.

Our bodies respond to frequencies as a way of helping us stay in alignment.

Healy is a personal wearable device that analyses over 9 million frequencies and selects the ones you need to harmonise your Bioenergetic Field.

Whatever bioenergetic support you need in your life, there is a Healy application for you.

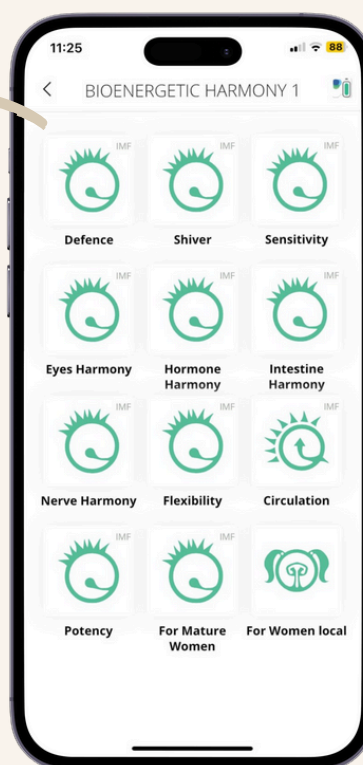

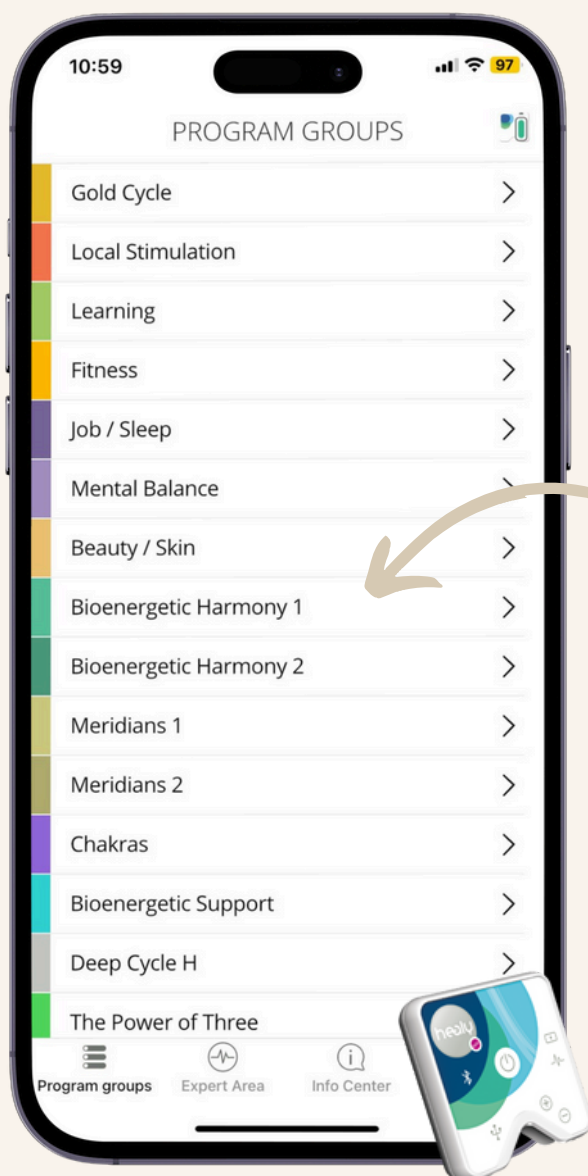

HOW IT CAN SUPPORT YOUR BODY, MIND & SOUL

Healy is classified as a medical device in the European Union, and is used to treat chronic pain, fibromyalgia, skeletal pain and migraine. In the US, Healy is FDA cleared for the local treatment of pain.

On top of that, it can harmonise the Bioenergetic Field of our bodies & organs. Plus, there are energetic programs that can support our mental, emotional & soul wellbeing.

The frequencies are gathered into different programs, which are grouped into program groups. Here's what it looks like inside Healy's program app.

HOW IT CAN SUPPORT YOUR BODY, MIND & SOUL

Well I had something amazing happen! Monday I went into the hospital for what was supposed to be an outpatient procedure on my back for severe pain. Turned out to be a four night stay at the hospital due to excruciating pain. Loaded me with TONS of narcotics that were short lived. I had to resort to a walker... Long story short... I got home and put on my Healy, which I couldn't use at the hospital because of Wi-Fi.... One night of using the pain app and wounds, not only has the pain gone down significantly to where it's now just a mild ache... I am up and about with no walker!!!! I literally thought I was gonna have to go on disability for a month or so... This has brought me to tears 🥹

MIGRAINES

I wanted to make this short but hard to do. Healy arrived the 16th late. Started right away. Problems, bad stomach, headaches, arthritis, gout, severe allergies to everything literally since age 8. IBS, advanced scoliosis, bad left knee, painful shoulders. Feel drunk when I have an allergic reaction. Not just sinus but freezing cold and pass out for up to an hour. Can't think. So what has changed? Knee and shoulder are flexible and discomfort occasionally not pain. Stomach is not burning, IBS is quiet, No headache, clear thinking, energy, since of peacefulness. Never slept well. Sleep like a baby. Pain goes away without local treatment. More than anything I wake up with enthusiasm, energy and mentally alert. I have the resonance and used the following programs: release, Being gastrointestinal sleep and pain one time. Pain relief from each program. But pain is caused by many disorders.

Here are a few experiences of our community. Additionally, ask the person who shared this guide with you how their Healy is supporting their wellbeing, [click here](#) to join a testimonial Facebook group, or [click here](#) to access a YouTube playlist with user stories.

BACK PAIN

I have received the Healy Resonance three weeks ago, I suffer of migraines. It normally takes hours, reflexology painkillers hot coffee footbaths and I have managed to get rid of the migraine in one 20 min session on two occasions. It is such a relief. I also suffer of severe period pain and it has been such a relief to have this device during my cycle. Deeply grateful to Uwe Uehle for this incredible gift. Incredible way forward 🙏

PAIN & SLEEP

FIBROMYALGIA

Healy has done so much to support me, but the most profound transformation was just a week into using it - 17 years of fibromyalgia pain and exhaustion left my body and has never returned!!! I could write pages on what else it's done, but that alone is enough that I will be grateful for the rest of my life.
