Who buys near me?

A location is a research lead

Inspect the actual service and buying office behind your ZIP, including supplier versus performance address, wider/aggregate work and any coding ambiguity. Selected large ZIP groups reflect aircraft, insurance and pharmaceuticals; they are not your service's totals.

Using Qualified Bid, find named facilities, purchased services, buying offices and actual performance ZIPs for [SERVICE] in [ZIPs / RADIUS]. Compare FY2020–FY2026 through 30 Sep 2026 with FY2025/FY2026 separately: net obligations, distinct awards with activity and actions. Deduplicate the combined area. Identify source classifications, multi-site/aggregate scope and address gaps. Give award IDs, links, dates and a next action.

Using Qualified Bid, show recent new-award size bands below $0.25M, $0.25M to below $1.00M and at least $1.00M for my service area. Define new as first recorded action and show count, median, funded/current/potential bases, exclusions and complete performance dates. Explain small positive amounts that round toward zero. Identify parent vehicle/access conditions and comparable purchased scopes. Do not treat historical orders as open bids or paid revenue.

Using Qualified Bid, separate released bids, official agency forecasts and current/potential contract-end leads for my service and area. Show source, estimated value band, planned dates, actual eligibility/vehicle conditions and missing coverage. Plans can change and an end date does not promise a rebid. Link official records; verify live notice status before recommending a pursuit.
