What size work could you pursue?

Matched national new-award sizes

FY2025: 288 eligible funded new awards; 87.8% below $0.25M; median potential $0.05M. Bands: 253 below $0.25M; 30 from $0.25M to below $1.00M; 5 at least $1.00M.

FY2026: 261 eligible funded new awards; 85.8% below $0.25M; median potential $0.05M. Bands: 224 below $0.25M; 27 from $0.25M to below $1.00M; 10 at least $1.00M.

Coverage and denominator

Explicit latest-description keywords include plumbing, backflow, sewer/sewage, water heater, domestic water, drain, pipefitting, piping, restroom and bathroom within reported 238220. Some matches may be unrelated; this is not an exhaustive or individually verified plumbing census.

FY2025: 296 matched new awards, 288 eligible and eight nonpositive exclusions. FY2026: 268 matched, 261 eligible and seven nonpositive exclusions. New means first recorded action; potential includes options over the full period.

Pennsylvania has seven eligible matched FY2025 new awards and eight in FY2026. These small samples are research leads, not robust predictions. Shared 238220 is not additive with HVAC.

Three verified historical examples

36C24423P0750: REPAIR CONDENSATE DRAIN PIPE. Funded $0.04M; full potential $0.04M. 244-NETWORK CONTRACT OFFICE 4 (36C244). Start 2023-09-01; current end 2023-10-31; potential end 2023-10-31.
https://www.usaspending.gov/award/CONT_AWD_36C24423P0750_3600_-NONE-_-NONE-/

1232SA26P0255: DRAIN MODIFICATIONS IN THE MECHANICAL SERVICES BUILDING AT THE EASTERN REGIONAL RESEARCH CENTER. Funded $0.14M; full potential $0.14M. USDA ARS AFM APD. Start 2026-05-11; current end 2026-11-11; potential end 2026-11-11.
https://www.usaspending.gov/award/CONT_AWD_1232SA26P0255_12H2_-NONE-_-NONE-/

36C24422C0012: REPLACE DOMESTIC HOT WATER HEATERS VAMC. Funded $1.16M; full potential $1.16M. 244-NETWORK CONTRACT OFFICE 4 (36C244). Start 2022-02-01; current end 2023-07-15; potential end 2023-07-15.
https://www.usaspending.gov/award/CONT_AWD_36C24422C0012_3600_-NONE-_-NONE-/

Match the actual site

Reported performance ZIPs: Philadelphia 19104, Glenside 19038 and Wilkes-Barre 18711. Verify the facility and purchased service; use performance location, not supplier address.

The small drain repair, research-facility modification and larger hot-water heater replacement are deliberately varied illustrations, not percentiles, annual prices, live bids or New Cumberland incumbents. Complete official funding/change histories reconcile.

What may be coming next?

One wider-market forecast

DHS F2026074968: Coast Guard sewage lift-station replacement, Niagara, New York; $0.35M–$0.50M. Estimated solicitation 10 May 2027, award Q4 FY2027, completion 19 Nov 2027; published 10 Sep 2026. https://apfs-cloud.dhs.gov/record/74968/public-print/

Reported 236210 is outside our history. RMACC II is the regional design-build vehicle; full small-business set-aside, specific program to be determined. Confirm vehicle access, current scope and a permitted specialty subcontract route. Not a Pennsylvania pipeline or live bid.

Keep source types separate

Forecasts are preparation leads; contract ends are watch leads; current bids require live status/deadline and readable documents. Do not add these values to historical obligations or assume a guaranteed rebid.

Qualified Bid supports available award/notice/catalog fields. Consult official agency, facility and vehicle sources separately when needed; do not promise every external dataset is exposed through the connector.
